Founded in 1954 in Stockton, CA, AASC continues to build upon our vast heritage always focusing on customer satisfaction and product quality.

PRESS RELEASE

Raytheon Excellence Award

Date: 03/2020

Stockton, CA – March 23, 2020- Applied Aerospace Structures Corporation (AASC), was presented with recognition for Supplier Excellence and has earned a 5-Star Award for performance and partnership from Raytheon Integrated Defense Systems. As a 5-Star Award winner, AASC has achieved 100% scores in quality and delivery (or Qualitative Data Index rating of 5), demonstrated good financial health and is endorsed across Raytheon. Raytheon's Integrated Defense Systems business instituted the annual Supplier Excellence Awards program to recognize suppliers who have provided outstanding service and partnership in exceeding customer requirements. Award candidates are judged on certain criteria, including overall quality, on-time delivery and demonstrated commitment to continuous improvement. A 5-Star recognition is the highest level of recognition a Raytheon Integrated Defense Systems business supplier can achieve for excellence in quality and performance, and Applied Aerospace Structures Corporation was one of 14 companies selected.

Congratulations to everyone who was a part of this program. Thank you for your excellent work!

AASC is classified as a small business with approximately 410 employees. AASC designs and fabricates critical, lightweight, high-performance, engineered structural assemblies for the aerospace industry. The company is ISO 9001:2015 and AS9100 Rev D certified, and has been in business since 1954. For more information, visit the company's web site at www.aascworld.com.
